

## What does art and design look like at Sebert Wood School?

At Sebert Wood Primary School, art and design looks fun, colourful and engaging. *All* children have many opportunities to take part in a variety of artistic activities. We believe that every child has the right to express their creativity and imagination whilst showing their individuality through many media. We do this through exploring famous artists and designers and develop their artistic skills.

## Our vision for art and Design .

Art is all around us and we are all entitled to have our own opinions on what we see. At Sebert Wood, we strive to give children the opportunities to see a variety of artist's work and to use similar skills to create their own pieces of art through a variety of subjects including history and geography.

# Art & Design

## Why is art and design important?

There is no right or wrong art! Every piece of art is individual and celebrated.

Through art and design, children have an excellent opportunity to communicate their inner thoughts and feelings through a range of media. It is a known fact that art is a therapeutic experience for many, enabling children to express themselves as well as promoting physical co-ordination and well-being.

It allows children of all ages and abilities to participate and express themselves in a safe, stimulating environment.

## What do our pupils think?

*'Andy Warhol art is great because of the bright colours he used.'*

*'I like when we are taught techniques and have freedom of how we use the colours.'*
