

Y4 Home Learning Menu Autumn 1st Half Term 2026

Topics: States of matter and The Roman Empire

Maths

Complete White Rose Infinity weekly. The children will need to use their logins provided for this.

English

- Collect the Roman Coin reading comprehension sheets from the base. One sheet has all the information to read, the other has the questions. *
(Collect sheets from base)
- Choose your favourite chocolate bar or sweet and describe everything about it, its shape, colour, smell, texture, taste and see if the class can guess what it is! You might like to put the answer under a flap so we don't cheat!
- Write a poem about anything of your choice.
- Write a book review of any book you have read at home. It can be a fiction or non-fiction book. If you would prefer to do this on a sheet to help you, collect one from the base.

Science and History

- Carry out a chocolate experiment. Place a small piece of chocolate in your hand and put your palms together. Count to 100 or say the alphabet 5 times keeping your hands together. When you have finished counting, open your hand and explain how the chocolate has changed. Try to use our 'States of matter' vocabulary like solid, liquid and gas if they are appropriate. You might like to take photos too.
- Research and describe the uses of The Colosseum both in Roman times and today.
- Write a fact sheet about the Roman Emperor Julius Caesar including at least 6 facts.
- Make a Roman artefact of your choice for our Year 4 museum, such as: a helmet, shield, coin or anything you can think of – be as creative as you like! ***(This would be a good piece of homework to start with so our museum is not empty!)***

Complete one piece of homework each week. Over the half term, try to complete at least two from each subject list. Bring your homework to school by the end of each week. We will check to see who has completed their homework every Friday.

As well as the Home Learning Menu above, you will also be given spellings to learn each week. Remember to keep learning your times tables (use Times Tables Rockstars) and read regularly at home too!
