## *Parent/Carer Update*

Friday 8<sup>th</sup> March 2024

Dear Parents and Carers,

This week we celebrated World Book Day, focusing on reading for pleasure. Pupils shared their favourite stories with one another and older pupils read to younger. We recorded our version of 'What a Wonderful World' which can be viewed online here- <https://www.youtube.com/watch?v=s2Yyb3QOvEU>

The book fair was well attended by all year groups and we are delighted to say that £696 has been raised for the school to spend on new books! Our school council will be helping to choose some new additions to our library.

The book cover competition proved to be incredibly popular, with so many wonderful entries filling a whole wall in our hall. The judges had the difficult task of deciding on the overall winners. Congratulations to Marcie (Rec), Idris (Y2), Sophia (Y3), Effie (Y4), Lucy (Y5) and Tanya (Y6) who were rewarded with a £5 book voucher for their brilliant efforts.

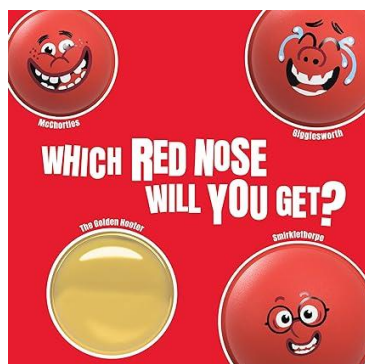

We hope everybody enjoys the FoSWS discos which will take place this evening. As always, the FoSWS team have worked tirelessly behind the scenes to organise what will be a fantastic event for the children.

Have a great weekend,

Mr James Tottie and Mr Jamie Winch

## British Science Week 2024

Next week we will be marking British Science Week with a range of learning activities planned. This includes years 4, 5 and 6 visiting Sybil Andrews to take part in fun, practical experiments, as well as Mr Crookes, a parent who works in the STEM (science, technology, engineering and maths) industry, coming in to explain how he uses science in his occupation. The official British Science Week website contains lots of inspirational stories for young people, challenging the stereotypes of what a scientist is like. <https://www.britishscienceweek.org/smashing-stereotypes/>
