Dear Parents/Carers

British Science Week runs from 8th-17th March. As part of this, each year group will be having a 'Science Day'.

We are also running a poster competition. The national theme for Science Week this year is 'Time'. Children could create a poster showing how a certain type of technology has changed over time, or even the advancement of time-telling technology itself. Budding poster makers could also go futuristic and show us how they think the world might look in years to come, or perhaps look at nature – lifecycles, lifespans, evolution and hibernation – nature is full of timely topics.

Posters should be no larger than A4 and must be submitted to the class teacher by **Friday 15th March**. Don't forget to include the name and class or they may miss out on a prize!

Kind regards

Mr Crew and Mrs Cass
